Great Results Guarantee

Under this agreement for 2014
Lochington State School will receive

$5,000*

This funding will be used to

- Ensure that all students achieve the National Minimum Standard in all areas of NAPLAN.
- Develop evidence-based plans to address the specific learning needs of students who are at risk of not achieving the National Minimum Standard.
- Develop staff ability to collect, collate and analyse student data to inform teaching.

Our strategy will be to

- Develop targeted assessment pieces specific to identified learning needs.
- Review individual student performance data using individual learning goals and school assessment data.
- Consistently track and use data to inform teaching.
- Ensure Teacher Aides are supported to be confident in delivering curriculum and identifying gaps in student learning.

Our school will improve student outcomes by

- Increasing current Teacher Aide hours to assist in administering specific reading, comprehension and spelling tests on a weekly basis and gather further evidence to inform teaching.
- Staff professional development to collate data and use it to inform NAPLAN preparation and further school priorities.

*Based on 2013 data. To be updated when 2014 enrolment data is finalised.

Great state. Great opportunity.
